# About SJIAOS

- Flagship journal of the International Association for Official Statistics.
- Widely circulated and subscribed to by individuals and institutions in all parts of the world.
- Main aim is to support the IAOS mission by publishing articles to promote understanding and advancement of official statistics and to foster development of effective and efficient official statistical services on a global basis.
- All papers are refereed.

# How is SJIAOS organized?

- We have an editorial staff consisting of: Editor-in-Chief (three years), Editor-in-Chief Emeritus, Managing Editor, Technical Editor.
- We have an editorial board composed of regional and special emphasis experts from all over the world.
- The Editor-in-Chief directs manuscripts deemed to have a potential contribution to our mission to these experts.
- They in turn solicit the help of one or more reviewers to determine if a manuscript is suitable for publication.

# Achievements

## July 2017 – July 2018

# Statistics

We published:

- 64 manuscripts
- 706 pages
- 4 issues (published every quarter)

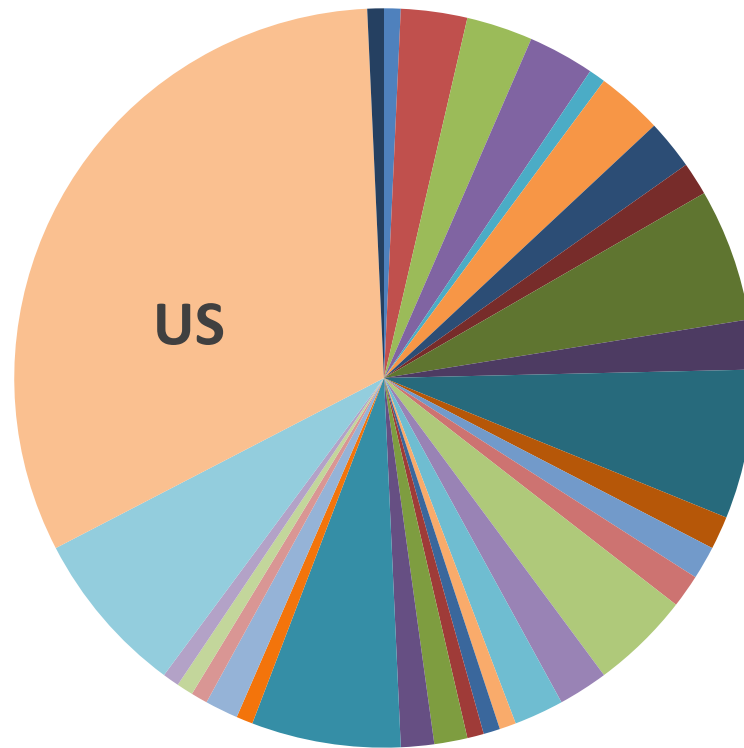

We strive to have international participation and appeal:

- Manuscripts came from 32 countries

# Distribution of Author Countries

# Interviews

We published interviews. The goal is to connect official statisticians globally, but especially within the IAOS by getting to know the person in the position a little bit better.

Mario Palma, SJIAOS president, Mexico

Nancy McBeth, SJIAOS EXCO member, Oman

Oliver Chinganya, SJIAOS EXCO member, Ethiopia

Asta Manninen, SJIAOS Associate Editor, Finland

The views and opinions expressed in the interviews and conversations are those of the interviewee and do not necessarily reflect the policy or position of the Journal, IAOS, or IOS Press.

# Conversations

From time to time, we publish a conversation about a topic we find to be of special interest to our readers.

We covered:

- The intersect of geography and statistics

- Geography as a statistical framework
